To,

Dr. Rakesh Kamran,
President, C.S.O.S.

**PROPOSAL FOR OFF TIME SPONSORED C.M.E. WITHIN THE
CONFERENCE**

1. Organising Committee should take permission of such CME from scientific committee if they are short of funds to organise the conference, if they are already surplus they should discourage such CMEs as it may disturbs the scientific program

2. Scientific Committee must know the details of program for supervision with qualification of faculty and the product's approval from Drug controller of India for sale in our country.

3. Such CME will neither be organised or promoted by scientific committee nor it will yield time slot sacrificing it's own scientific program

4. It can only be done outside time limits of the conference scientific program

5. It's details will not be listed in the conference scientific program, sponsor has to propogate details of their program themselves by invitation cards which can be kept in delegate kit or only distributed outside the scientific halls

6. The minimum sponsorship fee of such CME should be Rs 100000.00 and it should not exceed 30 minutes time limit. Up to two such off time sponsored C.M.E. within the conference is permitted

7. The participating faculties has to register as paid delegate in the conference if he is not invited as guest faculty by scientific committee

8. Since such CMEs may put stress on our delegates, our delegates should not be compelled to attend it against his/ her will

9. Display or advertisement of such CME should not overshadow the conference at venue, advertising, brochure or any other respect

Dr Basant Verma
Chairman Scientific Committee
